2024

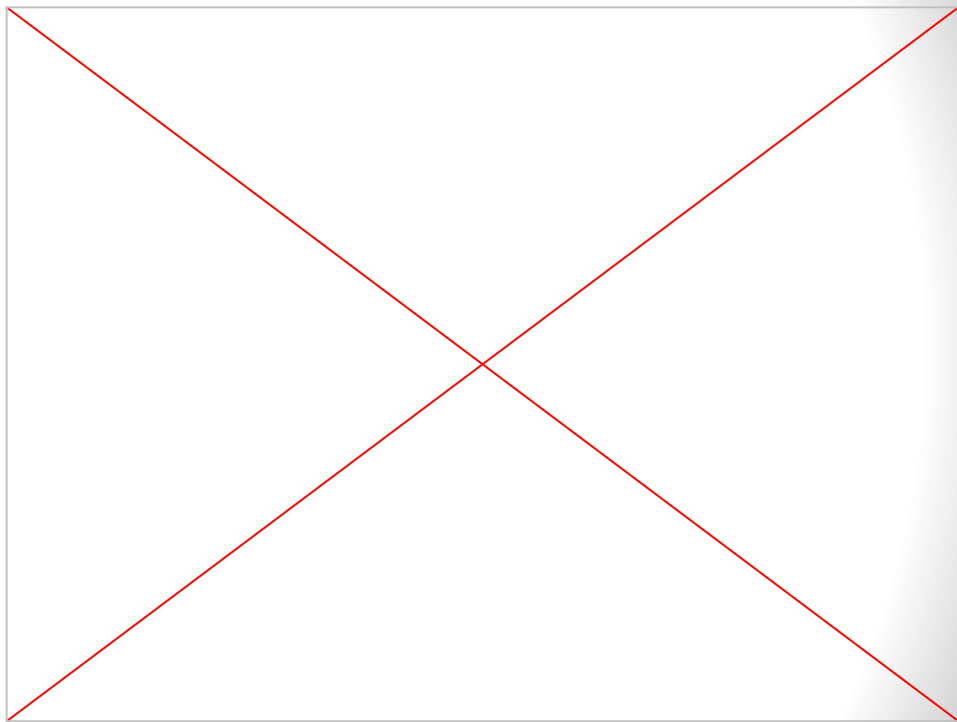

PROJECT OVERALL VISION

- Create a AR experience for VARLAB's visitors
- Provide users an interactive way of learning more about VARLAB and its history
- Allow VARLAB owners to edit /add /remove each POI

What was done

- Spatial Anchors
- Save data between game sessions
- Tested with Meta Quest 3 and Pro with success
- Interactions with menu

NEXT STEPS

- Integrate spatial anchor with MRUK wall recognition
- Replace anchor prefab with display prefab
- Integrate menu actions with object rendering

THANKS

!
